MASTER WORKS AND CONTEMPORARY ART

An abstract painting with a complex, layered texture. The left side is dominated by vibrant green and teal hues, while the right side transitions into warm, earthy tones of brown, orange, and red. The brushstrokes are thick and expressive, creating a sense of depth and movement. The overall composition is balanced yet dynamic, with the colors blending and contrasting in a way that suggests a natural, perhaps geological or organic, process.

AMANDA
WIGGLESWORTH

Amanda Wigglesworth graduated from Manchester Metropolitan University, and after a decade as a professional artist continues to exhibit her work widely in Britain.

Using oils as well as more unusual materials- such as filler, paper and PVA- Wigglesworth's paintings are driven by experimentation, transforming her works through a process of layering and scraping. The combination of vivid colour and a highly-textured surface allows a dynamic image to emerge- an exciting and challenging experience for the viewer.
